

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

THE object of this volume is to help those who seek to speak for the Lord Jesus, and yet have little time at their disposal for the preparation of their message.

Most of these Bible Readings it has been our privilege to deliver to thousands of workers in all parts of the world, and many hearers who have received blessing and profit have urged their issue in a printed form.

We have gone through some thousands of references with a great deal of care, but should our readers find a blemish here or there, they will remember that many of these Bible Readings have been searched out on long railway journeys and ocean voyages.

Should this volume be the means of stirring up any to search the precious Word of God in these days, when its fundamental truths are being denied, we shall feel that our labors have not been in vain.

ELLIOTT, which has reached, during the past six years a sale of 30,000 copies. The entire new volume is suggestive and serviceable."—*The Presbyterian*.

POPULAR COMMENTARIES.

Please notice that this is the ONLY Commentary upon the whole Bible published at a moderate price. It is, therefore, within reach of everyone, while no Commentary published is so highly commended or so well adapted for the home, the teacher or the preacher, when a practical, concise, critical and spiritual work is desired.

In the critical Biblical literature of the century, few books have been so unqualifiedly indorsed as

Jamieson, Fausset & Brown's Commentary

On the Old and New Testaments. It has been tried, tested and proven, during one of the most active periods ever known in Biblical research. That it has not been found wanting is evident in the still unabated demand. At considerable outlay we have issued a new edition of this valuable work, in clear type, attractively bound, and at a price much lower than any complete commentary ever before issued.

In extra fine English Cloth, sprinkled edges,
the full set (4 vols.), - - - \$8.00.
In Half Morocco, the full set (4 vols.), - - - 10.00.

"The BEST condensed Commentary on the whole Bible is the Commentary on the Old and New Testaments by Jamieson Fausset and Brown. It contains notes of the choicest and richest character on all parts of the Holy Bible. It is the cream of the Commentaries carefully collected by three eminent scholars. Its critical introduction to each book of Scripture, its eminently practical notes, its numerous pictorial illustrations, commend it strongly to the Sunday-school worker and to the clergyman. Then it is such a marvel of cheapness."—Rt. Rev. J. H. VINCENT, D. D., in '*Aids to Bible Study*.'"

The leading clergymen and college professors of the country unite with Bishop Vincent in placing this Commentary in the first rank of all Biblical aids.

D. L. MOODY.

"Under God they have blessed me more than any books outside of the Bible itself, that I have ever read, and have led me to a love of the Bible that is proving an unfailing source of profit."

The New Enlarged and Authorized Edition of a Remarkable Work.

THE CHRISTIAN'S SECRET OF A HAPPY LIFE.

This Work, the demand for which has been so great as to wear out two sets of plates, has now been put in entirely new form. The book having become an accepted classic in devotional literature, it was thought wise to issue this new edition in a compact form, and in a variety of bindings. Occasion has also been taken by the author to thoroughly revise the whole work, besides adding considerable new matter.

Few Books of a Religious Character have been accorded such Hearty and Universal Endorsement from all Denominations.

"To commend this work would seem almost superfluous; and yet to young Christians who may not know it, we cannot refrain from saying, Buy this book, and keep it with your Bible for constant study, until you have thoroughly mastered, in your own experience, the 'secret' of which it tells. It will transform the dark days of your life, as it has transformed those of thousands before you, into days of heavenly light."—*New York Evangelist*.

"We have not for years read a book with more delight and profit. The author has a rich experience, and tells it in a plain and delightful manner."—*Christian Advocate*.

SUGGESTIVE BOOKS

FOR BIBLE READERS.

THE OPEN SECRET; or, the Bible Explaining Itself. By HANNAH WHITALL SMITH.

That the author of this work has a faculty of presenting the "Secret Things" that are revealed in the Word of God, is apparent to all who have read the exceedingly popular work, "*The Christian's Secret of a Happy Life*," and such will not be disappointed in expecting to find in this new volume a fullness and sweetness in the unfolding of God's Word, in its application to the practical and daily duties of Christian living. 12mo, 320 pages, cloth, \$1.00.

BIBLE BRIEFS; or, Outline Themes for Scripture Students. By G. C. and E. A. NEEDHAM. 16mo, 224 pages, cloth, \$1.00.

"Here are sermons in miniature, which any preacher will find it profitable to expand into sermons in full measure. True Biblical outlines are here; not artificial 'sketches,' but Scripture frame-works. Oh, that the preachers would depend on such frame-works, rather than on such *fire-works* as many of them attempt!"—*Rev. A. J. Gordon, D. D., in The Watchword.*

"Here you have meat without bones, and land without stones. Mr. and Mrs. Needham will have the gratitude of many a hard-pressed teacher when he is hard up for a talk."—*Rev. C. H. Spurgeon.*

BIBLE HELPS FOR BUSY MEN. By A. C. P. COOTE.

Contains over 200 Scripture subjects, clearly worked out and printed in good legible type, with an alphabetical index. 140 pages, 16mo, paper, 30c.; cloth, 60c.

"The topics are familiar in thought and form, and are in many cases admirably adapted for Bible readings and for prayer meetings. 'Busy Men,' upon whom rests the responsibility of leading a meeting and choosing a topic, and especially of conducting an evangelistic meeting, will find this little book of decided value."—*The Golden Rule.*

"Likely to be of use to overworked brethren."—C. H. SPURGEON.

"Given in a clear and remarkably telling form."—*Christian Leader.*

CHICAGO. Fleming H. Revell Company. NEW YORK.

"HERE ARE TWO BOOKS

kindred in their character, though distinct in the kind of information given, which every Bible student, be he preacher, Sunday-school teacher, or Christian worker of any sort, will wish to have as soon as he has laid his eyes upon them.

They are genuine helps to Scripture study, and each in its way thorough and complete. We know of no two works that will prove more servicable to this end, aside from the Bible itself, than the two volumes now before us."—*The Standard*.

The Bible Text Cyclopedias. A complete classification of Scripture Texts in the form of an alphabetical list of subjects. By Rev. JAMES INGLIS. Large 8vo, 524 pages, cloth, \$1.75.

"*The Bible Text Cyclopedias*," by James Inglis, "is a complete classification of Scripture texts in the form of an alphabetical list of subjects, which is more sensible and convenient, and every way more satisfactory, than any book of the kind we have ever known. for some years we have had it in constant service in our Bible study; and our sense of its value has grown with the passing years. We know of no other work comparable with it, in this department of study."—*Extract from editorial in Sunday-School Times*,

The Treasury of Scripture Knowledge. Consisting of *Five Hundred Thousand* Scripture references and parallel passages, and numerous illustrative notes. 8vo, cloth, 700 pages, \$2.00.

"You have conferred a favor on the Bible Students of America by issuing your edition of *The Treasury of Scripture Knowledge*. It is a great improvement on Bagster's edition. Bible students who desire to compare scripture with scripture will find the *Treasury* to be a better help than any other book of which I have any knowledge."—*R. R. McBurney, Gen'l Sec'y Y. M. C. A. ATTRACTIVE TRUTHS, **IN LESSON AND STORY.**

A
Y. P. S. C. E.

TEXT-BOOK FOR JUNIOR SOCIETIES.

A series of outline lessons, with illustrative stories for Junior Christian Endeavor Societies, Children's Meetings, and Home Teaching.

By Mrs. A. M. SCUDDER,

With Introduction by Rev. Francis E. Clark, President Y. P. S. C. E.

12mo, 351 pages, Cloth, \$1.25.

Dr. CLARK, in his introduction, says:—"This book we most heartily welcome, not only for what it indicates, but for what it is, for we have never seen any work more admirably fitted to its purpose. In fact literature of this sort is very scanty, and so far as we know, this book occupies a place all its own. In the home, in Sunday-school class, in the mission circle, above all, in the children's meeting, this volume will find its place, and will be welcomed eagerly by many a perplexed parent, pastor, and teacher.

We do not see why this book, with its wealth of suggestive material, its outline studies on all matters of practical Christianity, and its happily chosen stories, may not be used as a text-book by leaders of these societies."

"This book occupies a new field, and occupies it well. No other book in the language, so far as we know, has even attempted just this task of providing a manual for teachers of children's classes, superintendents of Junior Endeavor Societies and the like. Each lesson begins with certain Bible texts bearing on the subject, to be marked and explained, then an outline of the subject, followed by a story which illustrates and enforces it. There is nothing weak or puerile about the book, but there is a wealth of information and suggestion, of which thousands of workers among the children will avail themselves. Superintendents of Junior Christian Endeavor Societies will find it very useful, in fact, almost indispensable. We commend it most cordially."

"We commended this series in our last issue, and a further examination leads us to renew our commendation, and to *urge* the placing of this series of missionary books in all our Sabbath-school libraries.

These books are handsomely printed and bound and are beautifully illustrated, and we are confident that they will prove attractive to all young people."

"These are not pans of milk, but little pitchers of cream, compact and condensed from bulkier volumes."—Dr. A. T. Pierson.
